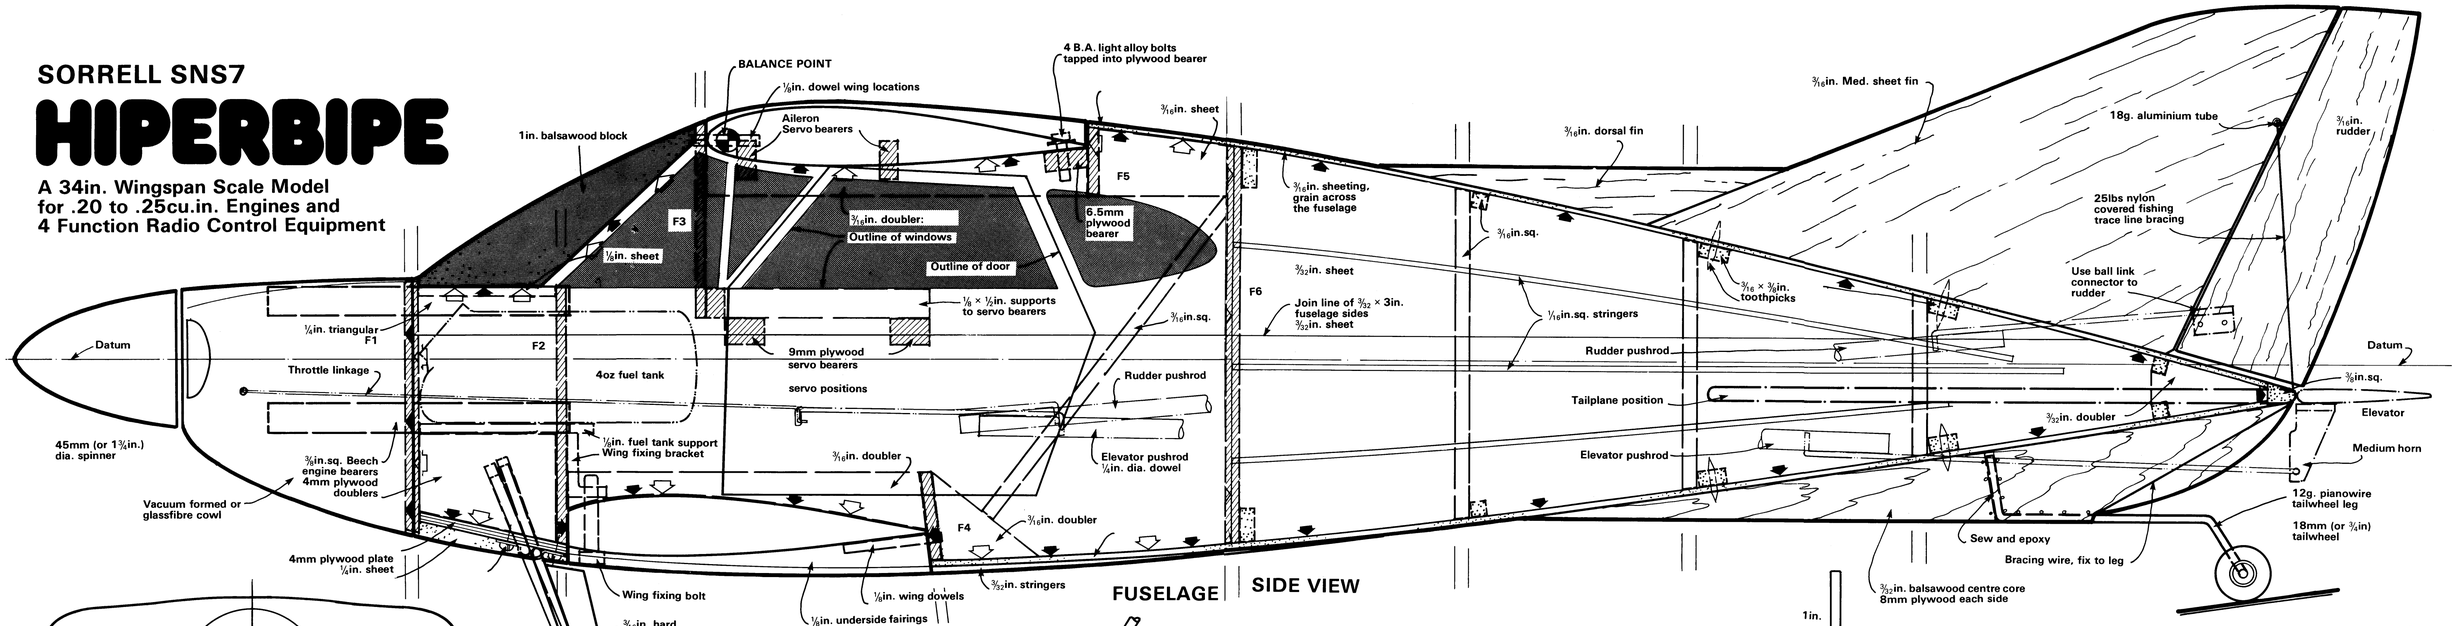
SORRELL SNS7

HIPERBIPE

A 34in. Wingspan Scale Model for .20 to .25cu.in. Engines and 4 Function Radio Control Equipment

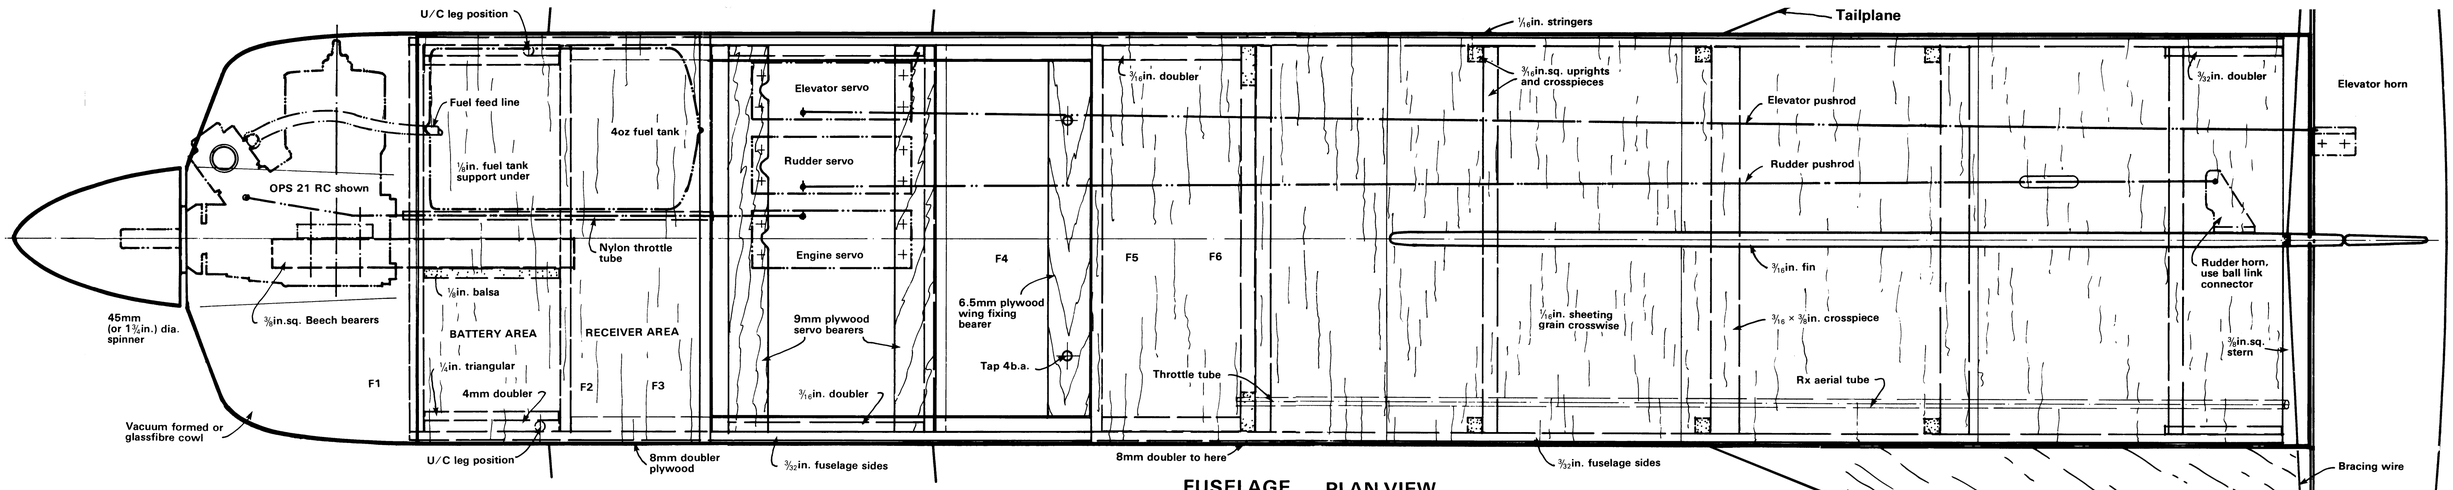


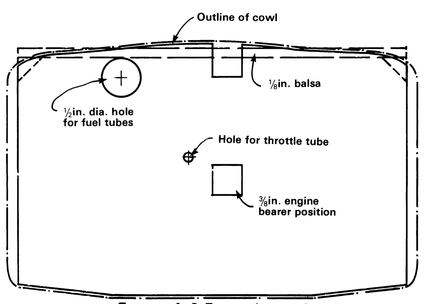
Plans note:

Trim accurately to join lines on fuselage side views and join halves together with Sellotape. Cut and mark all parts relevant to the fuselage sides and fin and rudder. When the fuselage sides are completed, cut down the centre join line plan and reverse the pages. Trim and join lines and join for the plan view of the fuselage.

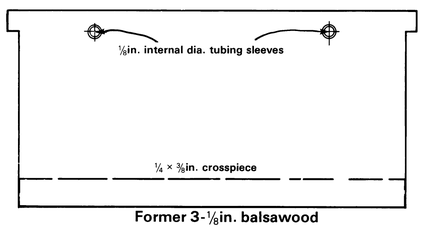
◆ Denotes 3/32in. fuselage sides

◇ Denotes .8mm plywood doublers

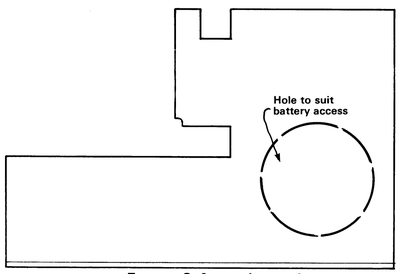




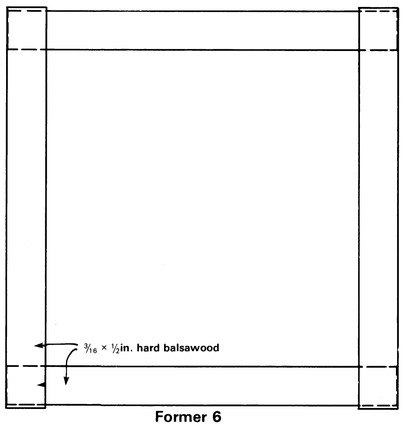
Former 1-0.5mm plywood



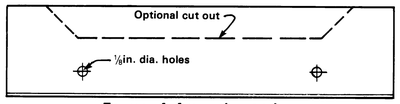
Former 3-1/8in. balsawood



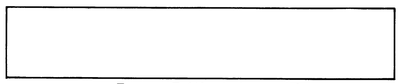
Former 2-4mm plywood



Former 6



Former 4-4mm plywood



Former 5-1/8in. balsawood
